

Video: Learn an Additional Language!

ILEP has produced this video for the Learning Languages community with a couple of aims in mind. Firstly, to support the work of language teachers and professionals, and secondly to inform others about the importance of foreign language learning. The overarching message which urges New Zealanders to speak additional languages reflects the context of super-diverse New Zealand in a changing, globalised world.

We can recommend many uses for this video and have listed some below (we're sure that this isn't comprehensive, so be creative!). We hope that you find it a helpful resource for your own purposes.

- Staff meetings
- Careers evenings
- School Newsletters (include the link if they are digital)
- Language page on the school website
- International Languages Week-special assembly or during other events attended by the whole school
- Board meetings
- Open days/evenings for year 8 students
- Parent teacher conferences
- Language promotion events
- Fundraisers for language trips
- Other learning areas for events such as tourism, business studies, Social Sciences, Maths, Careers lessons
- Community presentations
- Use to kick start debates in language lessons and also other curriculum areas such as English, Social Sciences and Geography
- Student languages ambassadors
- Tertiary liaison

... and so on...
