Te Reo Māori Curriculum Guidelines

Te Kete Ipurangi

Publisher: Ministry of Education NZ, 2009

This document is the equivalent of the previous individual foreign language curriculum guidelines that used to exist before the new NZ Curriculum was introduced.

The front half of the document is helpful for all teachers to understand such things as the concepts of Ako and tuakana-teina and how these might be used in any classroom as well as the importance of learning Te Reo and the shared values between this document and NZC.

The back half unpacks suggested language to be taught at each level of the curriculum and provides possible learning and assessment activities at each level. Beginning teachers and foreign language teachers not familiar with the old curriculum documents will find these guidelines extremely helpful.
