The screenshot shows the Poll Everywhere website homepage. At the top, there is a navigation bar with links for 'Poll Everywhere', 'How it works', 'Pricing', 'Support', 'Enterprise', 'Log in', and a 'Sign up' button. The main heading is 'Live interactive audience participation' with the subtext 'Engage your audience or class in real time' and a red 'Get started' button. Below this, there are three columns of content, each with an image and a short description:

- Ask a question:** Use multiple choice questions to identify gaps in understanding, or kick off group discussions with a colorful word cloud.
- Collect live responses:** Invite the audience to respond simultaneously by visiting a website or texting a number on their phones.
- See instant results:** Responses appear in an animated graph or chart embedded in your presentation. Results update live for all to see.

What is it? / What does it do?
