FREE/Subsidised Support for Language Teachers

EXPLORE

One-off seminars, events and resources to promote and explore language learning, use and maintenance.

GROW

A year-long inquiry programme which includes a series of cluster-based workshops designed to support teachers to develop measurable capability in the effective teaching of languages and foster strong inter-school support networks.

MASTER

MASTER aims to identify language, culture and pedagogy learning opportunities for teachers so that they can prepare for, or are supported in, their role as leaders in their schools and the wider Learning Languages community.

PACT

Programme for Asian Language Collaboration in Teaching. A two-term cluster-based, teacher-led action research programme designed to support teachers of Chinese Mandarin, Japanese and/or Korean in their roles with practical teaching solutions and ideas.

NATIONAL LANGUAGE ADVISERS

National Language Advisers support the language and culture of their home country. They provide practical guidance on implementing language learning programmes through workshops and one-on-one support.

IMMERSION PROGRAMMES

Unique professional development opportunities with an emphasis on language and culture which have great and lasting effects upon teacher capability, student achievement and the success of Learning Languages in New Zealand schools.

EUROPEAN LANGUAGE ASSISTANTS

Arriving from France, Germany and Spain at the start of each year, Language Assistants bring up-to-date cultural knowledge, authentic language and enthusiasm. Language Assistants are a fantastic addition to the language classroom.
