

Global LYNCs

(Linking Youths through Net Communications)

Cultural Exchange Opportunity

New Zealand – Korea

Professor Keong Ku (Keimyung University) invites New Zealand schools to participate in her cultural exchange project *Global LYNCs (Linking Youths through Net Communications)*.

The project offers authentic learning opportunities through communication between sister schools in Australia/New Zealand and Korea through regular video conference sessions. First established in 2015, the project had over 20 schools working with sister schools in Korea in 2017. Now they are introducing the project in New Zealand.

The project involves

- ◆ Matching your class with a class at a partner school in Korea
- ◆ Regular ZOOM videoconferencing sessions in English which you are invited to by email
- ◆ Building strong, sustainable partnerships

Students will grow their

- ◆ Global awareness and competence
- ◆ Intercultural knowledge, skills and understanding
- ◆ ICT skills
- ◆ Communication skills and collaboration skills

Teacher training and support with resources and technology will be provided.

This project is primarily intended for cultural exchange. **Any** school (primary, intermediate, or secondary) and teacher can participate. However, there is the possibility of adding a language component to the exchange if the students' Korean language proficiency allows for it.

If you are interested to join or find out more about the project, please contact
